It's user-friendly interface and broad input list make this audioplaying tool a must-have for any Windows PC user. As a trial tool, Ringtonesia Nokia 5800 XpressMusic Maker is completely free to try out and has no limitations; in fact, you can enjoy the full set of its functions for a duration

of thirty days. After that, the program will remember your original input settings and you will be forced to pay to continue enjoying the full functionality of the program for the further duration. However, some users were unsuccessful in faking the registration in order to experience some of the program's functions. We suggest

that you ignore the ads that appear all over the place, as they only make the experience a bit more uncomfortable.
