Calc worksheets and tables that are often found in AutoCAD are stored in the Calc Workspace and Calc Workspace Extensions (CWS/CWSE). Support for the iPhone, iPod Touch, and iPad has been added in AutoCAD 2009. The product contains various cross-platform tools, such as the ability to read AutoCAD DWG files. Autodesk has also released Mac AutoCAD LT 2009 and iPad editions of AutoCAD. An Autodesk Exchange App named "AutoCAD for iPad" for use on the iPad is available. Autodesk released AutoCAD 2010 in June 2009, offering three versions of the software for Mac OS X, Linux, and Windows. Autodesk also released AutoCAD 2009 SP1 and AutoCAD 2009 SP2, which added tools for assessing drawing performance, performance tuning, and editing speed and performance. AutoCAD 2009 SP1 is only available as an upgrade to existing users of AutoCAD 2009. AutoCAD 2009 SP2 is a new version that is free for existing users. A number of third-party companies make AutoCAD-based applications for the Mac. KBMX, Inc. KBMX's Mac software is: KBMX CADDY: originally released on January 18, 2004. It is a true CADDY application, allowing users to draw directly on an image. It features vector graphics, complex formats, AutoCAD-like annotation, animation, and 3D projection. It is free, although it can be used for free for 2 weeks. KBMX has updated the application in 2006 to version 3, with the addition of new features and an improved user interface. KBMX GridLite: released in 2005. GridLite is a grid-based vector graphics application, featuring an object library, annotation tools, and AutoCAD-like drawing capabilities. KBMX introduced an AutoCAD LT style ribbon, and added some elements from the 2007 release of AutoCAD LT, such as the ability to duplicate objects, create an image of the active viewport, and custom symbols. A number of third-party developers produce programs based on AutoCAD and AutoCAD LT. In addition to the products listed above, these include: Makai Technologies (now owned by MacroMedia) MacCAD MacCAD-Live MACOT, Inc. Mat af5dca3d97

----- Damian In diesem Sommer beginnt der Rückzug der Regierungsgespräche. Eine Frage der Zeit, wann sich die Türkei zu Deutschland öffnet. Und damit nicht genug: Außenminister Gabriel sagte auch angesichts der heftigen Reaktionen der Deutschen auf die nach Einreise von Flüchtlingen in die Türkei ausgerufenen Warnungen, Deutschland wolle mit Ankara kein „großes Bündnis“ mehr wollen. Das sind die Signale, die dem französischen Präsidenten Emmanuel Macron an die Wand gemalt werden müssen. Erst vor wenigen Tagen, im August, hatte Macron eine europäische Lösung für die Migrationsfrage gefordert. Dabei dürfte der türkische Präsident Recep Tayyip Erdogan erneut versucht haben, das Lösegefühl der Deutschen vor der deutschen Flüchtlingspolitik zu nutzen. Ein Geschenk an Erdogan „An
